

COMFORT WATCH

by GREMLIN

Enjoy Piece of Mind

With our Comfort Watch Tank Monitor by GREMLIN®, we'll know **precisely** the amount of Heating Oil in your tank at all times.

Monitor fuel levels on your phone using the Free App.

How it Works

The easy to install monitor attaches to your heating oil tank and measures your fuel level. It then sends the reading back to our office through a cellular connection.

See more on YouTube® > Search "Discover GREMLIN® tank Monitor".

see reverse for more details

Our Comfort Watch Tank Monitor Gives You 100% Confidence.

Using ultrasonic technology, we know **precisely** the amount of fuel in your tank at all times, enabling us to deliver the **exact** amount of fuel you need, when you need it. No more concerns or uncertainty about your next delivery amount or date.

Get the App!

Search & Install "Gremlin® Tank Monitor"

Click the box "Are you a new user?"

Enter your new username, password and email.

Enter your SOS Xtreme Comfort account number.

Enter your tank monitor ID#. (located under the barcode on the monitor).
